Prairie Manor Inc. /Heather Haus complies with the Electronic Monitoring law pursuant to Minn. Stat. § 144.6502. Residents, or their Resident Representative have the right to place an electronic monitoring device in the resident's room or private living unit after appropriate consent and notification requirements are met by the resident and any roommate. It is the policy of Prairie Manor Inc. /Heather Haus not to prohibit or retaliate against a resident for conducting electronic monitoring pursuant to the law. Please contact the Administrator at Prairie Manor Inc. /Heather Haus for a full copy of the Electronic Monitoring Policy and Procedure, or for any additional questions.

"Electronic Monitoring" means the placement and use of an electronic monitoring device by a resident in the resident's room or private living unit. "Electronic Monitoring Device" means a camera or other device that captures, records, or broadcasts audio, video, or both, that is placed in a resident's room or private living unit and is used to monitor the resident or activities in the room or private living unit.

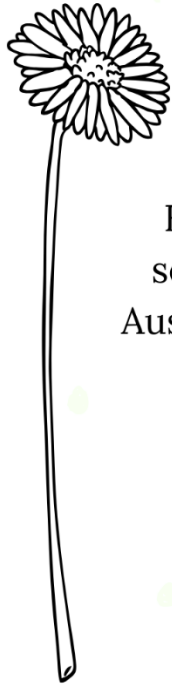

Prior to conducting electronic monitoring, a Resident or in some cases the Resident Representative, must provide written notification and consent to Prairie Manor Inc. /Heather Haus, or in certain circumstances to the Office of Ombudsman for Long-Term Care, on the form developed by the Minnesota Department of Health (MDH). This form is available at Prairie Manor Inc. /Heather Haus or through MDH. The resident must also obtain written notification and consent on the MDH form by any roommate of the resident wishing to conduct electronic monitoring and provide it to Prairie Manor Inc. /Heather Haus, or the Ombudsman per statute and the Policy. The resident and resident's roommate have the right to place conditions on the electronic monitoring and have the right to withdraw consent at any time. Any conditions or withdrawal of consent must be stated on the notification and consent form.

The resident must bear the cost of any electronic monitoring device, installation, maintenance and removal. This may also include cost of internet service. Please contact Prairie Manor Inc. /Heather Haus for information about access to any public-use internet or Wi-Fi that may be available.

Prairie Manor/Heather Haus also does video monitoring throughout the facility for the purpose of protection and safety for the residents and staff. Only Administrator and Director of Environmental Services have access to view the monitoring in cases where the history needs to be reviewed for investigation.
